February 12, 2022

Dear Students,

The College is in receipt of series of e-mails from the students requesting not to open the college and continue classes through online mode. We fully understand your concern and are empathetic about it. Re-opening of the University and its Colleges is a policy decision that has been taken by the University in the academic interest of the students. It has been done on the request of the Student Union, which represent the students across different colleges. The College being a constituent College of the University of Delhi has to honour the decision of the University. Please try to understand that this decision has been taken purely in the academic interest of the students.

We are sure that once you start coming to the college, you yourself will realize that re-opening of the colleges was a right decision.

As the offline classes are starting from February 17, 2022, the students are required to follow the guidelines given below:

1. The students should be fully vaccinated. They should carry the soft copy of the vaccination certificate.
2. The outstation students are advised to plan reaching Delhi in such a manner that they are able to complete the isolation period of three days before reporting to the College.
3. Entry in the college premises will be through I-card. The students are required to carry the laminated I-card. Procedure to download the I-card is available on the College website.

4. The students are required to wear mask, maintain social distancing, wash their hands regularly and use sanitizers at all times to prevent the spread of Covid-19.

As the College is concerned about the safety of its students, therefore, the following arrangements have been made:

1. There is a provision of thermal scanning, hand wash and sanitizer with touch free mechanism at all entry/exit points and common areas.
2. Frequent sanitization of entire workplace, common facilities and all points which come into human contact e.g. door handles etc., will be ensured.
3. The College will make sure that all the classrooms in the college are well ventilated.

With best wishes,

Sd/-

Prof. Haritma Chopra
Officiating Principal
