Sub: Appeal and advisory for all the Principals and Provosts of the University.

Sir/ Madam

The University authorities after taking stock of the state of affairs that prevailed in the University Campus with particular reference to the Ramjas College on 22.02.2017 discussed the issue with Proctor of the University which have been viewed seriously by the University.

Considering an unfortunate clash among students at Ramjas College on February 22, 2017, you are advised to take pre-emptive measure. In order to maintain peace and harmony, you are hereby suggested:

- To encourage students from refraining and restraining themselves from indulging into any kind of violence or hostility in respective institutions.
- The Students' Union/ representatives should be sensitized to maintain a peaceful and conducive environment on the campus.
- Any untoward incident must be dealt with and immediately reported to the police if the need be.

An active co-operation from the entire University community is solicited.

Kindly bring this to the notice of all stakeholders and students in particulars.

Yours faithfully,

Joint Registrar (College)
