

MESSAGE FROM THE CHAIRPERSON, GOVERNING BODY

The Upanishads refer to two kinds of knowledge or *vidya* - *Para* and *Apara*. Objective knowledge, or *Apara vidya*, involves honing the intellect through human endeavour. And this is the crux of pursuit at Maitreyi College. One acknowledges that the process of teaching-learning involves various facets, each uniquely contributing to an individual's growth. And in this process, the role of an educational institution is a crucial one. Our prestigious institution has constantly endeavoured to fulfil this purpose with a team of committed teachers, students and all other staff in the Maitreyi family.

Accredited with Grade 'A' by the National Assessment and Accreditation Council, Maitreyi College has always worked towards excellence, establishing itself as a veritable knowledge center, nationally and internationally. With a focus on research and all round development of students, the institution aims to create responsible citizens -- well equipped to carve a distinguished tomorrow. Focus is not limited to honing students' academic prowess, but also instilling values through myriad activities and initiatives undertaken at the college. The four pillars of knowledge acquisition--listening, reading, writing, and recitation, continue to inform the educational endeavour, enabling skill development and value-based learning.

The alumni of Maitreyi College, who have been scaling great heights in various fields, continue to bring laurels to the alma mater and inspire students of today.

Going forward, the college aims to work towards implementing the National Education Policy 2020 and subscribe to its vision and ways. With this, the institution hopes to make substantial progress and realize the four fold goal of 'Globalization of education, Liberalization of Education, Equalization of Education and Continuous and Comprehensive Evaluation'. At Maitreyi, we shall continue to be guided by principles of the system, contribute to it effectively and impart enriching education to all!

Thanks and Regards,

Vaibhav Srivastava
Chairperson, Maitreyi College
