

Mentor-Mentee system to help at individual levels:-

- Mentoring is provided for overall development of the students after analyzing the problems, if any, faced by a student. Mentoring helps students to get over their difficulties with their studies (course work as well as laboratories).
- All students are periodically counseled by mentors. Career guidance is also given to the students.
- Mentor has to maintain a Student Progress Report of Maitreyi College with details of parents/guardian, addresses, contact numbers and an academic history of student's.

Mentoring System

S.No.	Type of Mentoring	No. of Mentors	No. of Students per Mentor	Frequency of Meeting	Records
1.	Professional Guidance	All Faculty Members	15-20 Students per Mentor	Twice in a month	Student Progress Report
2.	Career Advancement
