About the College

Maitreyi College, a constituent women's college of University of Delhi is commemorating its glorious fifty years of establishment. The verdant campus is spread over a total area of 10 acres with barrier free environment and is Wi-Fi enabled. The college provides an environment conducive for growing and cultivating strong academic principles. Multiple initiatives are taken to develop scientific temper and research culture amongst students. Such efforts have received due recognition from Department of Biotechnology, Government of India in 2013 when four science departments of the college were conferred with prestigious Star Status.

Objective

The present conference is aimed at assessing the efficacy of interdisciplinary approach at the undergraduate level. Integration of basic disciplines of science is obligatory to biotechnology and associated products thereof. Such findings can be appropriately applied for welfare of mankind. In higher education, it will be worthwhile if students skillfully expand their understanding and knowledge of scientific principles and its applications in diverse fields. This conference will help encourage interdisciplinary work among undergraduate students.
